## *Moonlight*

Item: **MOON1.BF**

Moonlight is a small hemispherical steel pendant with the outer shade finished in an aged semi-opaque varnish which changes with the different light reflections, reminding you of the light and shadow play of moonlight. The interior shade or reflector is finished with a lustrous delicate bronze leaf with an overcoat of clear shellac. All stages of the process are done by hand. The steel suspension can be shortened at time of installation, or custom ordered with a height over standard. \* Also available with gold leaf (MOON1.GF) or silver leaf (MOON1.SF).
